

Montauk Century Training – Ride 100 Miles

Get in shape with SBRA's Century Training School!

You heard right, the incomparable Montauk Century is back. There is nothing like a bike ride to Montauk. Experience the suburbs, woodlands, beaches, mansions and villages on the flattest Century anywhere. We'll ride from Babylon to Montauk where you can celebrate with the club on a train ride back or meet family and friends at "The End."

If you're new to the club, have never ridden a century before, or you've been off the bike for a while, you may enjoy *SBRA's one-of-a-kind Century Training School*.

Century Rides are like a rite of passage for cyclists – like a marathon for runners. And yes, if an accomplishment like this is appealing to you, **YOU CAN DO IT!**

These training rides began in 1987 with the promise of helping C and D level riders do their first 100-mile ride. Led by Josie and Bob Goykin along with a team of helpful and experienced club members, these rides can help any cyclist ride 100 miles, the easy way. We've trained hundreds of successful century riders!

Who should do the Beginner Training Rides?

- You're an SBRA member.
- You have never ridden 100 miles or haven't done distance riding in a few years.
- You're riding with a friend who never did 100 before.
- You can ride 25 miles at 10 mph and want to work up to a Century and more challenging rides.
- You're always at the back of the ride and you want to learn how to keep up, ride faster and further.
- You're free almost every Saturday from March 30th until the Century Ride on June 1st.

How do we do it? We start with a 25 mile "D" ride on *Saturday, March 30th in Ronkonkoma*. The first ride may seem a little slow, but each Saturday the ride goes a little faster and further. Before the ride start we give pointers about technique, clothing, bike fit, food, drink and simple repairs.

You will learn to ride efficiently, effectively and painlessly. We answer all your questions, understanding the concerns and issues of beginner cyclists. COURTESY, SAFETY and ETIQUETTE will be emphasized.

Worry Free Guarantee! No need to worry about whether you do the pace or distance. Most rides have a SAG Vehicle. Each week is an incremental increase that weekend warriors can handle. Riders are not just dropped. You'll shatter your perceived limitations. Anyone who does all the rides and follows all the tips will complete the 100 with energy to spare. We aim for a *B-* pace Century... and the scenery is great!

These rides make bathroom, lunch and rest stops at appropriate intervals. Our leaders and sweeps are experts at keeping the group together and encouraging all. We want everyone to finish!

DON'T BUY A NEW BIKE YET! Please contact us before you spend big bucks on the wrong bike. You can try the first ride or two on a hybrid to see if you enjoy the rides. Longer and faster rides require a road bike. *In our 30 plus years, most riders on mountain or hybrid bikes could not complete the training.*

PLEASE CALL or Email AHEAD TO REGISTER FOR THE TRAINING SCHOOL RIDES. You need to register for the whole series. We cannot accommodate single day riders. Part of the success of this program is a result of the concurrent development of the same group riding together each week.
